Bruno Nodalli

Exposition Canine Internationale de Monaco

Mai 2023

In his life, Bruno has always had an eye on the animal world, in particular to the dogs, his life companion since ever. Over the years, he had the good fortune to meet Paola, his wife, with whom he shares the love for animals that they passed “genetically”, to their daughter Viviana.

So after Beba, an adorable mixed breed, Simba, a fawn English Cocker, their first Poodle became part of the family. Since 1982, he has been breeding Medium and Toy Poodles and, since 1990, under the “Osmanthus” prefix.

The passion for this breed involved most of his free time, without neglecting his small company of electronic equipment for industrial and civil automation, a business that started in 1977.

Retired since the end of 2014, he can now dedicate more time to his doggy and photograph passions. They have bred with the aim of quality and not quantity.

They have produced one or two litters per year and now even less, but despite this, they have bred many World Champions in adult class over the years: 1992,93,94,95,96,2011, 2012.

European Champions in adult class over the years: 1990, 96, 98, 99, 2000, 02, 03, 05, 07, 08, 2012, 2022, numerous Italian Champions, 55 Internationals, Champions of almost all European countries as well as Scandinavia, Russia, Australia, Canada, Israel, USA and South America . BIS Winners in Italy, France, Germany, Switzerland, Australia, Russia, Hungary, Austria, Serbia, Greece, Belgium and Norway.

Their champions Osmanthus Noel Chance, Osmanthus Essence and Osmanthus Allure Sensuelle, who unfortunately left them in April 2021 at the age of 15, represent their fifth generation of World and European Champions. A goal achieved by few and a pride for the Italian breeding. In these 40 most important years of his life, Bruno was lucky to meet the most historical, important breeders and judges of the dog world, whose precious teachings he cherishes with respect and affection.

All this has increased his passion and cultural background. In October 2006, he became a Poodle and later FCI International Judge. He is a teacher to new judges for Poodles in France and for Poodles and Czechoslovakian Wolfdogs in Italy.

He is currently qualified for the whole FCI groups 2, 4, 5, 9, 10, many breeds of group 1 and is a Best in Show judge. In these sixteen years, he had the honor to judge the Geneva 2013, and Wels 2019 European shows, the Milan 2015 and Brno 2021 World shows, the most important International shows and specialties in the whole of Europe, Israel, Scandinavia, Canada, Russia, Belarus and Japan. Bruno has written historical articles and comments for various specialized magazines.

Bruno Nodalli is very fascinated to come and judge in Monte Carlo!
